DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

2. Claims 1-36 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Claims 1-12

None of the prior art of record teaches or suggests an image forming apparatus comprising a second circuit board being disposed substantially parallel to a first circuit board and on which electronic components that are horizontally deviated from and larger in size than the electronic components mounted on the first circuit board are mounted; wherein at least a part of the transporting section is placed in a space which is defined by a height difference between the electronic components mounted on the circuit boards.

Claims 13-24

None of the prior art of record teaches or suggests an image forming apparatus comprising a second circuit board being disposed substantially parallel to a first circuit board and on which electronic components that are horizontally deviated from and larger in size than the electronic components mounted on the first circuit board are mounted; wherein the transporting section is placed in a position which is opposed to the first circuit board, and which is not opposed to the second circuit board.

Claims 25-36

None of the prior art of record teaches or suggests an image forming apparatus comprising a second circuit board being disposed substantially parallel to a first circuit board and on which electronic components that are horizontally deviated from and larger in size than the electronic components mounted on the first circuit board are mounted; wherein the electronic components mounted on the second circuit board are placed in a space which is defined between the image forming unit and the fixing unit.

Prior Art

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

- Ito et al. [US 2004/0190963] disclose an image forming apparatus having a recirculation path.
- Yoshihara et al. [US 2004/0096229] disclose an exhaust system for an image forming apparatus.

Contact Information

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hoan H. Tran whose telephone number is (571) 272-2141. The examiner can normally be reached from 8:30 AM - 5:00 PM Monday-Friday.

Art Unit: 2852

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Arthur Grimley can be reached at (571) 272-2136. The central office fax number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0956.
